SUBJECT: **MBS MANITOBA ECONOMIC ACCOUNTS**
**1961 - 1986 DATA**

The Manitoba Bureau of Statistics has updated its Manitoba Economic Account database for the period 1961 to 1986. The attached Manitoba Economic Account tables, replacing those previously issued, have incorporated the historical revisions by Statistics Canada to the National Accounts as well as current data revisions for 1982 - 1986 data.

In the Economic Accounts, price effects are removed from current dollar series by dividing by an appropriate base year weighted price index. Since these patterns change over time, it is necessary to change the base year periodically in order that the constant dollar series may more closely approximate the appropriate patterns. Beginning with this data release, the Gross Domestic product constant dollar series have been rebased to 1981 = 100 from 1971 = 100.

The next data release from the MBS Annual Economic Accounts is expected in April, 1988 with the release of preliminary 1987 data.

Questions regarding the Economic Accounts can be directed to Roy Ellis at 945-2994.
